OUR PORTFOLIO OF EXPERIENCE

Real estate is not just about buying land or a structure for many, it's the realisation of a lifelong dream. For some others, it's a step forward towards the life they want. At H&S Property, we understand that property investments are about more than just money for our customers. That's why we offer a range of services to help them in every stage of this milestone journey, from owning & consulting to managing & leasing.

From our inception, H&S Real Estate has been a name to watch in the UAE's exciting real estate market. While we are best known for our off-plan properties, our portfolio also includes the region's premier luxury developers.

We curate all our listings to cater to every kind of investor, we offer strategic and personalised consulting services to help make the best choices.

Having been a part of the real estate market here through its ups and downs, we've learnt the secrets to making intelligent investments that stand their ground and retain value over time. This is what sets us apart from the rest – our expertise and insight, gained through hundreds of thousands of interactions with customers who each have unique needs and goals.

From 2012 - 2015, in just two short years, we were recognised as one of the 10 best-performing agencies in the country. It took us only three more years to make it to the top of that list. One of our proudest moments was when our distinguished partner, Emaar, featured our brand on the iconic Burj Khalifa.

The Burj Khalifa stands as a symbol of the spirit of this city. The spirit of dreaming big and achieving bigger. With every property that we choose to feature, this is what we promise our clients. A space of one's own in a city where nothing is impossible. A dream of one's own in the city of dreams.

Staff Report

DUBAI — H&S Real Estate Dubai, a subsidiary of Haqsons Group, has been honoured with an award for achieving record property sales in the UAE. It clinched the highest number of property sales since the year 2000.

This award is given on merit to the company that makes the highest sales in terms of value.

Though Haqsons Group has a presence in several countries since 1971 and has been investing in real estate since 2000, H&S Real Estate was created in 2013.

Within the first year of inception, it became a major player in the UAE real estate industry. It even figured in the Top 10 performing agencies in the first two

years. Later, it progressively climbed the charts to top the rankings in its fifth year of operations.

CEO Fahad Sana Ul Haq says H&S Real Estate is a safe place where a client is taken care of like family. "I only sell my clients' property if I deem it fit to buy for myself," he explains.

H&S Real Estate places customer happiness, confidentiality and investment protection above everything else. "This business practice has given H&S Real Estate a reputation as the go-to place for good advice for any property purchase in Dubai," the CEO adds.

Emaar Properties honoured H&S Real Estate by displaying its name on the Burj Khalifa in Dubai.
